## RANGE REPORTS:

Air gun: Alex Modic: (excused) We will have a report next month.

Archery: Barb Johnson/Joe Richardson: The Winter league is over. The banquet is scheduled for March 21<sup>st</sup>. The Spring league will begin in May. Today we walked the trails and cleared some trees from the creek. This will ensure better flowage. There are currently no beaver dams on the archery course. Paul walked the creek and found a beaver dam just north of AH, causing a backup. There are lots of weeds and logs.

Weather permitting, we will be moving back outside the end of April or the beginning of May. We have days set up in April for cleanup. We could use a few more no trespassing signs.

The CCKC RO dinner will be April 27<sup>th</sup>. HRO's please give your attendance numbers to Karen by April 1<sup>st</sup>.

Rifle: Bob Tollman: We managed to stay awake. It's winter and we're still slow. Are we being affected by the economy? Thank you to the Tuesday crew, they did a great job cleaning the mud off the cement.

Shotgun: Bill Lerch: It was an outstanding month. Were +48 vs a year ago. The 5 stand leagues concluded at the end of February. The Spring league is scheduled to start April 4<sup>th</sup>. The Falcons started trap practice Monday and Tuesday this week. Regular 9am hours will resume April 5<sup>th</sup>. We continue to see good work from all of our ROs as they help new shooters at the range. This has been an important part of bringing new shooters into clay shooting at CCKC. We are still in need of a few new Ros to meet the yearly need.

Black Powder: Dan Christiansen: (excused) We're closed for the winter.

Cowboy Range: George Broecker: We are closed for the winter.

Paul Coleman gave a presentation to the board illustrating some possibilities for the future of CCKC. Option #1 was regarding the suggestion of adding a sporting clay range. It would involve clearing some woodlands and moving or eliminating the Cowboy and Black Powder ranges. It would also be a large start up investment. In the end the Board felt we did not have enough room to add this.

Option #2 would be to add a high end 22 range. This would be an ARA style, competition grade range. It would require a pole barn style building modeled after state-of-the-art examples. Possibly 50 shooting lanes. We would require more personnel to run this range. It could potentially be located on the west side of the neighbor's property, where we have open land. There is a question over whether the existing road would support the increased traffic. The Board would like more information to possibly pursue this in the future.

Option #3. This has been previously discussed. This would be for a youth/police range. After excavation, it would require cement work, baffles and a cover or shelter of some sort.

There was a motion made by Denny Hartmann. 2<sup>nd</sup> by Pete Leone to begin excavation for a long-term youth/police range. We would contract Cliff Kam to clear land and pitch

for drainage not to exceed 26K. This is the first step. Cement work, baffle, berms and shelter would come later. The motion passed.

Motion to adjourn by Pete Leone. 2<sup>nd</sup> by Dennis Cronin. The motion passes.

The meeting adjourned at 9:15.

Respectfully submitted by Karen Hartmann, Secretary.
